#### **End to End Solution**

Holistic approach to Equity compensation

#### **Track record with Unlisted Companies**

## How Stock Option Works

## Setting up an Option Plan

Set Aside the Option Equity Pool in your Captable

Selection of Equity Incentive Instruments - -- - ESOPS SARs, Phantom

O4 Get the Share Valuation done from a Registered Valuer

Fix up the Strike Price , Define
Vesting Schedule/Conditions, Exercise Restrictions
Separation Rules and Exit Mechanism

Prepare the Scheme legal documents, Resolutions, Grant Agreeements, Employee Communication Pack and and get Approval

Make Grants to your Growing Team

## Establishing the Equity Pool

## Avoid Pitfalls in Your Plan

- Granting Few to Too Many
- No visibility of a liquidity event
- Too many restrictions in the Plan
- Too many discretions with the Board
- Loose Scheme Documentation
- Weak Communication

### Need of Unlisted Companies

## Top Pain Points

Plan Implementation – Administration – Compliances

Effective Plan Implementation with Single Window Service Delivery

Better Positioning with its Employees/Investors

### ESOP ezee - Service Preview

#### **Single Window Service Delivery**

Simplify the Complexity - Managed service - Take Ownership - Bundled pricing
